ULM CoP Response to COVID-19: Plan for faculty and students commuting from practice sites to College buildings:

Clinical faculty are to limit their movement between any of the campuses and their practice sites. It is the hope that the campuses will be as safe as possible and that will mean that access to them will be limited. Below is the guidance for both the faculty and students on rotation with the faculty. Office of

o
campuses for any reason.

Student Access:

- < Students being requested to be in the buildings should be kept to as minimal as possible.
- < Zoom or other teleconferencing assets should be used to communicate with the students about patients, presentations, or discussions as much as possible unless they can be completed in a manner meeting the social distancing guidelines.

Faculty Access:

- < Faculty should follow all guidance from the College regarding mask usage, cleaning of offices, and minimizing the use of common areas.
- < Faculty will need to ensure any students that they have on rotation are complying with all guidance provided by the College.

** Faculty and rotation students may wear scrubs as appropriate to be considered professional. Additionally, athletic shoes may be worn.*

This guidance will be re-reviewed prior to the start of each rotation until it is no longer needed. Each campus may set different dates for certain aspects of this guidance.**

***The Regional Deans and/or Dr. Brady will communicate any changes to Faculty and Student access to buildings, as necessary, for each campus.*

Plan of Action for COP COVID-19 Positive Cases

ULM COP Pharmily members are required to inform OSPA upon receipt of a COVID-19 positive test result. Once the College of Pharmacy becomes aware that a student, staff, faculty member, or visitor has tested positive for COVID-19, the College will:

1. Isolate the individual by either sending the them home or directing them to an isolated room in the College until care/transportation home can be provided. Individuals testing positive for COVID-19 must isolate at home for 10 days post initial symptoms;
2. Isolate the

Contact Tracing Worksheet for _____
(student name)

Class/Gathering	Date	Close Contacts Identified

will notify those individuals, but I will only inform them that they have been in close contact with someone who has tested positive for COVID-19. I will not share your name with them.

Please understand that I am required by ULM to report any positive cases to the Office of Student Life and Leadership. Your name and CWID will be reported to that office. The Office of Student Life and Leadership is also committed to keeping your personal and health information confidential.

I will only notify those College of Pharmacy students, faculty and staff you identified as close contacts. You will need to notify all others with whom you have been in close contact.

You may return to the College of Pharmacy building after a 10-day isolation period. Your earliest return-to-building date is MM/DD/YY. However, if you were/are symptomatic, then you must delay your return to the building until all 3 of the following conditions are met:

1) You have quarantined return

-reducing medications; and
